Fullstack / Frontend Developer | Web Developer

PROFESSIONAL SUMMARY

Creative and detail-driven Frontend Developer passionate about crafting responsive, visually appealing, and user-friendly web interfaces. Skilled in HTML, CSS, JavaScript, React, and TailwindCSS, with a focus on modern design and performance optimization. Dedicated to writing clean, reusable code and delivering seamless digital experiences.

CORE SKILLS

- Frontend: HTML5, CSS3, JavaScript (ES6+), React, TailwindCSS
- UI/UX & Design: Responsive Design, Accessibility, Figma, UI Animation
- Tools: Git, GitHub, VS Code, npm, Vercel
- Other: Debugging, API Integration, State Management (React Hooks, Context API)

EXPERIENCE

Independent Frontend Developer — Remote (2023 – Present)

- Designed and developed visually appealing, responsive websites optimized for both mobile and desktop.
- Built dynamic interfaces using React and TailwindCSS.
- Focused on user experience, accessibility, and smooth transitions.
- Deployed multiple personal projects using Git and Vercel.

PERSONAL PROJECTS

■ Portfolio Website — React, TailwindCSS

Designed and built a responsive personal portfolio with smooth animations and optimized performance.

■ Modern Landing Page UI — HTML, CSS, JavaScript

Created a sleek landing page featuring responsive design and scroll animations.

■ Interactive Dashboard Interface — React, Chart.js, TailwindCSS

Developed a dashboard with data visuals, dark/light mode, and modern layout.

■ Chat UI Concept — HTML, CSS, JavaScript

Designed a modern chat interface prototype with animated message bubbles and responsive layout.
